Ahmed

Grid 6

Taraq

From Firths

Phillip D

To the southern boundary

James B

Southern boundary

Each grid is approx. one kilometre long, if I've missed anybody who could Marshall, it would be great if we could get four Marshalls per grid, or if circumstances change and you can no longer Marshall, please phone or txt me

We will drop off flags, rulers, pens, tags and your emergency response plan on the first run with the bikes (Karim & Pete) go straight to your spot its best to get there early

Cheers

Pete
